@ksorbs

So 19 year olds shouldn't have to pay student debt because they can't understand the student loans they sign.

But 4-year-olds can change gender whenever they feel like it. Got it

1960's - Oil gone in 10 years

1970's - another ice age in 10 years

1980's - acid rain will destroy all crops  
in 10 years

1990's - The ozone layer will be  
destroyed in 10 years

2000's - The icecaps will be gone in  
10 years

None happened, but all resulted in  
more taxes.

There is no good explanation for this!**

Judiciary Committee just offered an amendment that requires ICE be notified when an illegal immigrant tries to purchase a firearm Dems voted NO

So the Dems just admitted they have no problem with people having guns. As long as they are not American citizens that are working class

Really think about that for a minute 🤔
