dips into a tunnel ...

A black and white portrait of Nikola Tesla. He is shown from the chest up, wearing a suit and tie, with his hand resting on his chin in a thoughtful pose. Behind his head is a large, glowing, spherical object with a grid-like pattern, resembling a globe or a sphere of energy. The background is dark and textured.

Nikola Tesla

Nikola Tesla predicted the Internet.
In 1900, he wrote an article for Century Magazine describing a “world system” of wireless communications that could send telephone messages, news, music, and pictures to any part of the world.
